Well, it's a sequel to my first novel, *The Spanking Zone*. It picks up where the first book left off, and it follows the further adventures of my protagonist, Spanko, as he explores the world of spanking and BDSM.

What inspired you to write a sequel to *The Spanking Zone*?

**I actually didn't plan to write a sequel at first. But after the first book came out, I received so many emails from readers who wanted to know what happened to Spanko next. So I decided to write a sequel to give them the closure they were looking for.**

**What was your writing process like for *The Spanking Zone 2: The Harder They Come*?**

**It was actually a lot easier than writing the first book. I already had the characters and the world developed, so I could just focus on telling the story. I wrote the first draft in about three months, and then I spent another few months revising and editing it.**

**What are your thoughts on the current state of the publishing industry?**

**It's definitely a challenging time for authors. The traditional publishing industry is in decline, and it's becoming increasingly difficult for new authors to get their work published. But there are also a lot of opportunities for self-publishing, and I think that's a great way for authors to get their work out there.**

**What advice would you give to aspiring authors?**

**Don't give up. It takes a lot of hard work and dedication to become a successful author. But if you're passionate about writing, then it's worth it. Just keep writing, and don't be afraid to put your work out there.**

Thank you for your time, Spanko. I wish you all the best with your new book.

Thank you.
