Overview

This book provides a comprehensive overview of the health policy landscape in low and middle income countries (LMICs), with a focus on the challenges and opportunities for shaping health policy in these settings.

The book is divided into three parts:

1. **Part I: The Context of Health Policy in LMICs**
2. **Part II: Shaping Health Policy in LMICs**
3. **Part III: The Future of Health Policy in LMICs**

Part I provides an overview of the health policy landscape in LMICs, including the key challenges and opportunities facing these countries. **Part II** examines the different stages of the health policy process, from agenda-setting to implementation and evaluation. **Part III** looks to the future of health policy in LMICs, considering the emerging trends and challenges that will shape the health policy landscape in these countries in the years to come.

This book is a valuable resource for students, researchers, policymakers, and practitioners working in the field of health policy in LMICs. It provides a comprehensive overview of the health policy landscape in these countries, and offers insights into the challenges and opportunities for shaping health policy in these settings.
