A gripping tale of courage, determination, and the raw power of nature

In *Storm Passage*, John Caldwell recounts his incredible solo circumnavigation of Cape Horn, one of the most treacherous waterways in the world. Caldwell's journey is a testament to the human spirit's ability to overcome adversity and achieve the impossible.

Caldwell's journey began in 1986, when he set out from California in his 30-foot sailboat, the Alchemy. He sailed south along the coast of South America, rounding Cape Horn in December of that year. The conditions were brutal, with high winds, huge waves, and freezing temperatures. Caldwell's boat was battered by storms, and he was constantly at risk of being capsized.

But Caldwell persevered, and he eventually made it around Cape Horn and up the Atlantic coast of South America. He completed his circumnavigation in 1988, becoming one of the few people to have ever sailed solo around Cape Horn.

Storm Passage is a gripping account of Caldwell's journey. It is a story of courage, determination, and the raw power of nature. Caldwell's writing is vivid and immersive, and the reader feels like they are right there with him on his boat, braving the storms and navigating the treacherous waters.

Storm Passage is a must-read for anyone who loves adventure, sailing, or the outdoors. It is a story that will inspire you and leave you in awe of the human spirit.
