The System Apocalypse Omnibus is a pulse-pounding post-apocalyptic LitRPG fantasy that will leave you on the edge of your seat. This immersive and action-packed omnibus combines the first three books in the bestselling series: System Apocalypse, MonsterApocalypse, and Apocalypse Now.

When the System, a mysterious and powerful force, merges with the real world, it grants ordinary people extraordinary abilities. But as humanity

struggles to adapt to this new reality, a deadly threat arises.

Monsters of unimaginable power roam the land, seeking to destroy all in their path. And as the world teeters on the brink of annihilation, a small group of survivors must band together to fight for their survival.

Led by John Lee, a former soldier turned System user, this unlikely team of heroes includes: Sarah, a brilliant scientist with a knack for hacking the System; Peter, a skilled engineer with a knack for creating powerful weapons; and Liu, a master martial artist with a mysterious past.

Together, they must navigate a treacherous world filled with deadly monsters, ruthless raiders, and perilous challenges. As they level up and acquire new abilities, they uncover the secrets of the System and the origins of the apocalypse.

But time is running out. The monsters are growing stronger, and the world is on the brink of collapse. Can John Lee and his team of survivors save humanity from extinction?

Praise for The System Apocalypse Omnibus

"A post-apocalyptic LitRPG masterpiece." - Mark Lawrence, author of the Broken Earth trilogy

"A thrilling and immersive adventure that will keep you hooked from beginning to end." - Peter V. Brett, author of the Demon Cycle series

"A must-read for fans of post-apocalyptic fiction and LitRPGs." - Fantasy Book Review
