In the realm of Marvel Comics, the origins of Morbius, the Living Vampire, weave a captivating tale of scientific brilliance and tragic consequences. As Dr. Michael Morbius embarked on a desperate endeavor to cure his fatal blood disease, he unwittingly subjected himself to a serum derived from vampire bats.

The experiment, while initially successful, triggered a profound transformation within him. Morbius found himself imbued with superhuman abilities, including flight, enhanced senses, and an unquenchable thirst for blood. However, this newfound existence came at a steep price: the curse of becoming a living vampire.
