The activists interviewed for this book come from a variety of backgrounds. Some were students, others were workers, and still others were intellectuals. They all shared a common goal, however: to bring democracy to China.

The activists' stories are both inspiring and heartbreaking. They tell of the challenges they faced, the sacrifices they made, and the setbacks they

experienced. But they also tell of the hope and determination that kept them going.

The activists' stories are an important reminder of the power of the human spirit. They show that even in the face of adversity, it is possible to fight for what you believe in.
